Art Unit: 2819

The following is an examiner's statement of reasons for allowance: The art of record does not show an encoder to produce the rectangular wave that has concentric common electrode and signal electrodes contacted by multiple moving contact "fingers" with the arcuate shapes and having the respective angular ranges of the common and signal electrodes being equal or nearly so as recited.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
